

A few handy tips for your visit

- We'll always let you know if there's a fire drill planned. In case of a fire or emergency please leave the building by the nearest fire exit – we'll let you know when it's safe to return.
- The stairs in the Castle are steep and a little uneven in places. Please always listen to your guide, and try to spread out the adults in your group to help the children on the stairs.
- The Castle site can be slippery with lots of things to bump into or trip over if you aren't careful! Our guides will do their best, but try and make sure the adults with your group are spread out to keep an eye on the children and keep them safe.
- If there's any kind of accident or emergency, please tell your guide or a member of the Castle staff as soon as possible.

Thanks for reading these handy tips – have a fantastic visit to Newcastle Castle!
